

## 電子報三\_Maastricht Business Day

Since 1996, the Maastricht Business Days (MBD) are an annually returning recruitment event organized for students of the School of Business and Economics of Maastricht University. The MBDs are Maastricht's biggest recruitment event, guaranteeing a qualitative experience for both renowned international companies and students. During the two day event, companies and students have the opportunity to get to know each other during workshops, interviews, company presentations, and the company fair. Networking drinks and recruitment dinners provide the chance to meet in an informal atmosphere.

## The 6 activities

- Workshops

Workshops are 2,5 hours long and will be attended by approximately 20 students. Each company determines the topic and design of their workshop.

- Interviews

Personal interviews last 30 minutes. Depending on the company, one or two recruiters will interview the student.

- Company presentations

Company presentations take 30-45 minutes. Companies typically use this occasion to present a general overview and introduction. Open a specific workshop's activity info page for more information.

- Company fair

At the company fair, companies have the opportunity to present themselves to many students through a single point of contact. This provides a more informal way for companies and students to interact. On both days of the MBDs there will be a company fair.

- Networking drinks

Companies participating in the networking drinks can select eight students to join them for an informal drink at a high-class location in Maastricht. The networking drinks will be at the same time as the recruitment dinners. Therefore, it is not possible to participate in both on the same day.

- Recruitment dinners

Companies participating in a recruitment dinner can select eight students to join them for a formal dinner at a high-quality restaurant in Maastricht. The recruitment dinners will be at the same time as the networking drinks. Therefore, it is not possible to participate in both on the same day.

- Other activities
