

## 電子報四 (維也納修手機教學)

奧地利從 2022 年開始有提供修理替代購買的環保補助活動，舉凡各種電器損壞需要維修，例如手機螢幕摔破需要維修，奧地利提供 50% 的維修補助，最高補助可以到 200 歐，非常優惠，所以如果把手機螢幕摔壞(當然最好不要)，一定要利用這個優惠，可以幫你省下不少費用，可以參考以下這個網站：

<https://www.reparaturbonus.at/>

如何使用優惠：

1. 到網站上找到配合的店家
2. 直接到店家說明你想使用這個優惠，並提供戶政事務所的居住證明。
3. 由於相關資訊都是德文的，你可以請店家協助你填寫表格。我自己的經驗是到一家叫做 Handydialog 的店家進行維修，他們的服務和維修品質都不錯，可以作為參考。

### That's what it's all about

**Repair electrical appliances.  
Save 50% of costs.  
Protect the environment.**

Do you miss the familiar morning scent because your coffee machine has given up the ghost? Do you look into sad children's eyes because your favorite toy no longer lights up and honks? **Don't give up and give your electrical appliances a second chance. This is not only much cheaper, but also more environmentally friendly.**

**And more than ever.** Because if you now have defective electrical appliances for household, leisure and garden such as toasters, televisions and lawnmowers repaired, you save **50% with the repair bonus** and also do something good for the climate and the environment. The Ministry of Climate Protection will pay up to 200 euros per repair and you will only pay the difference in your repair shop.

The repair bonus is a promotion campaign by the Ministry of Climate Protection for the **repair** of electrical and electronic equipment and is aimed at private individuals. For this purpose, funds amounting to 2026 million euros are available until 130 from

**Save up to 50% of costs with the repair bonus:**

The amount of funding per receipt is **50%** of the eligible **gross costs**. However, a maximum of 200 euros for repairs or a maximum of **30 euros for cost estimates**.
