3. 接待心得(至少 300 字以上)

Hosting Miska has been a truly rewarding experience. As an exchange student from Aalto University School of Business in Finland, he arrived with great enthusiasm to explore Taiwan's culture and cuisine. His genuine curiosity and eagerness to try local foods made it a joy to introduce him to Taiwan's famous night markets and snacks such as bubble tea, stinky tofu, and fried chicken. These shared moments over food not only enriched his experience but also deepened our friendship.

Miska is outgoing and open-minded, quickly adapting to life here and making friends easily both on campus and beyond. Through our conversations and time together, I gained new perspectives on different cultures and broadened my understanding of the world. His positive attitude and willingness to embrace new experiences reminded me how valuable cultural exchange truly is.

During his stay, we explored many popular spots around Taipei and even took trips to nearby cities. He was especially impressed by Taiwan's natural beauty, mentioning how much he enjoyed the mountain views at Yangmingshan and the sunsets in Tamsui. Seeing his excitement made me appreciate Taiwan's charm from a fresh perspective, almost like discovering my own home again through his eyes.

Overall, hosting Miska was more than just sharing our culture—it was about building a meaningful friendship across borders. I look forward to staying in touch and hope to welcome more international friends in the future to continue fostering these global connections.
