Dear Louis:

I'm Richard Chen, your school buddy for this semester from NCCU, Taiwan. Sorry for the late contact. I'm a sophomore in the department of Management Information System. I sincerely welcome you to our school and hope you will have some great time staying in Taiwan!

I was born and raised in Taipei, so I think I know some fun places to visit and some nice restaurants to try, so I can take you to explore Taipei if you want and are available!

If you have any questions or need any help, feel free to ask me! This is a great opportunity for both of us to know each other's culture more, hope we can become friends and have a great time.

best regards,  
Richard
