Hi Adèle Borot,

I'm Nini, your **buddy** for the NCCU exchange program. Before your arrival, is there anything you need help with? Also, could you share your arrival time and flight details?

For course or accommodation concerns, feel free to contact NCCU's OIP by [exchange@nccu.edu.tw](mailto:exchange@nccu.edu.tw).

< NCCU buddy

this last days ?

You mean raining all day or you think it's heavily?

adel. [redacted]

hahah both

If the weather forecast is accurate, it should not rain tomorrow and it will get warmer (but the weather is not accurate a few days ago 🤔)

adel. [redacted]

yes I understand 🙄

When the weather is warmer, it usually won't rain all day, but it will rain more heavily.
