Campus location and housing options

Esade BBA Exchange classes take place on the Sant Cugat campus, about 20 minutes away from Barcelona.

Our institution does not provide housing for students. In Sant Cugat, the Roberto de Nobili Residence Hall is on campus and less than 5 minutes from your classes. In Barcelona, students can stay at Residència Sarrià, which is about 25 minutes from the Sarrià FGC railway station. There is also a shuttle bus that goes to Sant Cugat Campus twice a day for a fee. In addition to these accommodations, there are plenty of other housing options in Barcelona and the surrounding area.

FAQs:

Can I attend the programme for the full academic year?
It depends on the agreement between your home university and our institution.

How many subjects can I take and how many credits can I earn?

Incoming exchange students at Esade are required to take the following workload:

- Students from European universities: min. 27, max. 33 ECTS credits
- Students from non-European universities: min. 23, max. 33 ECTS credits

However, if the home university allows the student to take a lower amount of ECTS credits, Esade may consider making an exception. In order to consider this option, we would need to receive written approval from the home university exchange coordinator.
