Incoming exchange students must take a minimum of 2 business courses (6 units) and a minimum of 3 courses (9 units) total per semester. The maximum course load is 5 courses (15 units) per semester.

Each course is worth 3 units, equal to 3 class hours per week per course, for 12 weeks total (approximately 30-36 lecture hours total per term). Labs and tutorials are in addition to the mandatory lectures; labs and tutorials are sometimes mandatory, sometimes optional, depending on the course and instructor.

Time conflicts or overlaps are not permitted for any student at the University of Calgary; please ensure the classes selected for registration do not have any time conflicts between any of the lectures, labs, tutorials, and/or seminars.

Many courses have a registrar-scheduled final examination, held during the exam period (see Important Dates above). If students register in classes with registrar-scheduled final examinations, they are required to be available for the entire exam period. The exam schedule is typically released one month after classes have started, and exams can be scheduled until 10:00pm on the last day of the exam period. **Incoming exchange students should not plan any travel until after the last possible day for final exams.**

At the end of the exchange term, incoming exchange students are responsible for ordering official transcripts to be sent to their home institution. Instructions for ordering transcripts are online here: ucalgary.ca/registrar/student-centre/transcripts.

Student Services & Housing

On-Campus housing is organized through Residence Services: ucalgary.ca/residence/.

All incoming exchange students are required to obtain a UPASS upon arrival for each exchange semester, as well as pay the Campus Recreation fee. This allows students unlimited access to public transportation (busses and c-trains) for the duration of their exchange term. Transcripts will not be released to students with outstanding fees. Current fees are listed here:

International Student Services (ucalgary.ca/iss/) offers events for international and incoming exchange students and can advise on Immigration questions (including study visa/permit and working during the exchange term). They also often organize the international orientation (ucalgary.ca/iss/resources/orientation), recommended for all incoming exchange students to attend; there are also virtual events students can attend prior to arrival in Canada.

If students require academic accommodations (example: extended exam time), please advise your student(s) to connect with Student Accessibility Services (ucalgary.ca/student-services/access/prospective-students/how-to-register) as soon as the student has been accepted as an incoming exchange student.
