It's recommended to choose courses from the same year to avoid scheduling conflicts, but not mandatory. At Nova SBE, spots in courses are limited, and we cannot guarantee students get their first choice. As such, students are advised to have alternative options approved by their home university. There is also a period for changes (add/drop), during which students can adjust their selections based on availability. It's important to note that home universities cannot request specific courses to be taken at Nova SBE. Students who come in their last semester of studies and have to take specific courses must be made aware of this rule and consider their options before applying.</p>
