

The Start: Knowing Everything

I took a flight transferring at Beijing on the first day of 2024. I took a night tour at the ancient city, too. It was a cool experience: First time going abroad alone, first time going to Beijing, Seeing the historic buildings in person...

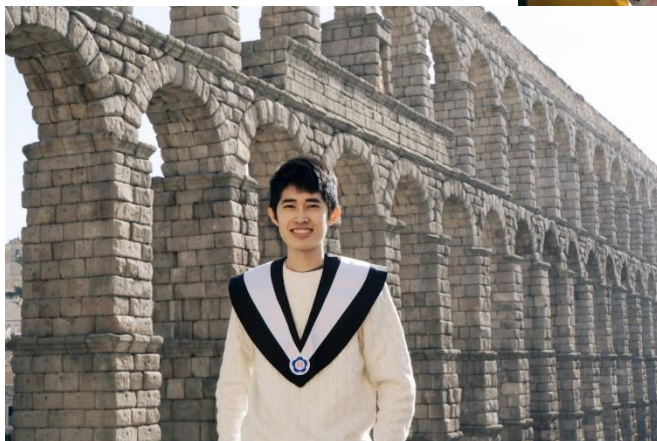

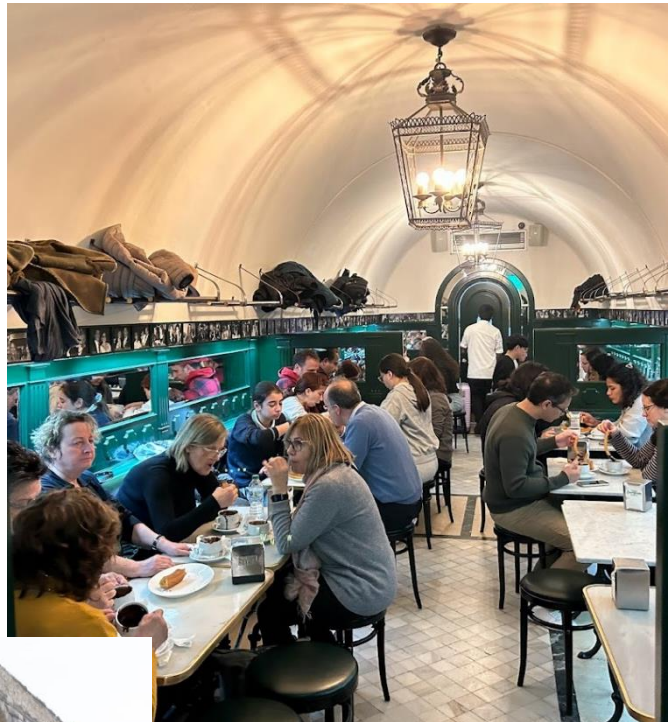

I mostly went to famous places in the beginning. This is a very beautiful store on the famous "Gran Vía". Believe it or not, it is Uniqlo!!

You can see jamon area at every market in Spain
